I have attached an update regarding legislation in the municipalities of St. Louis County.

I request and file copies of all ordinances. In those cases where a municipality reports an ordinance, but has not provided me with a copy to verify its existence and statutes I have put a Yes in the year passed column. However, at least one municipality reporting a helmet requirement, was found to have some legislation related to bicycles, but no helmet requirement. (They have since made that modification.) SO, unless I have indicated who and what is covered, I would not include those municipalities on your list. Additionally - I am also not sure whether or not you should include Chesterfield, a very large municipality in area and population, among those with helmet ordinances; as their ordinance covers only their parks bike trails.

Please feel free to contact me if you need additional information.
